

*Fellow Registrars,*

*National Cancer Survivors Day is June 6<sup>th</sup>. Let's celebrate those who have survived and support those recently diagnosed. Celebration ideas may be found at <https://ncsd.org/>.*

*NCRA's Virtual Annual Conference is quickly approaching, June 3-5. This year's theme "Driving Data into the Future" focuses on the importance of capturing quality data and upcoming changes in data collection. What we do is so important!!*

## **DUE DATES**

To be on track, large hospitals (>500 cases/yr.) typically would be expected to have abstracted November 2020 diagnosis cases by June 15. Smaller facilities (<300 cases /yr.) would be expected to report the 4th Quarter of 2020 by July 15.

## **EDUCATION**

### **MCR Help-Line**

Reach us at 1-800-392-2829 during regular office hours or leave a message; a member of our QA team will return your call within one business day.

### **Fundamentals Class – Fall 2021**

MCR would like your input! Do you have staff that would like to attend the Fundamentals Class? If so, how many? Would your preference be to attend in person or remotely?? Please email your preference to me at [lahf5p@missouri.edu](mailto:lahf5p@missouri.edu).

### **FLccSC-New Courses Available! Earn 3 CEs**

NAACCR Webinar-**Pancreas 2021** presented May 2021

Register for FLccSC [https://mos.fcslms.med.miami.edu/ords/f?p=105:LOGIN\\_DESKTOP](https://mos.fcslms.med.miami.edu/ords/f?p=105:LOGIN_DESKTOP)

### **NCRA's Mini-Learning Shorts**

The NCRA Education Committee has created a selection of short, 10-minutes or less, presentations to address important points in abstracting. The presentations are intended for new registrars to help clarify procedure and duties in the registries, and for seasoned registrars, who may need a refresher. <http://www.cancerregistryeducation.org/best-practices>

## **MCR NEWS**

### **Software Conversions**

Your registry software vendors can provide you with v21 software to be used in abstracting 2021 cases. Missouri customizations including a MO v21A metafile were previously provided to all vendors. A new edits metafile v21B was recently released by NAACCR and a MO customized version was sent to all vendors on March 30, 2021.

Please upload any completed v18 files to MCR before your conversion. Hold any cases abstracted in v21 until MCR announces that Web Plus has been converted. National testing of WebPlus had been completed. We hope to have the new version available in early June. We will announce when v21 is live via a blast email. Once Web Plus v21 is live, it should be able to accept either v18 or v21 files. You can then send any held cases.

Abstract Plus for MO is also expected to be available in June.

### **Farewell**

In May, we had to say goodbye to Jennifer Sedovic as she has left MCR to pursue new opportunities. We appreciate all she has done for MCR as the Education Coordinator. We wish her the best in her new endeavors!

### **MCR is Moving!**

MCR is moving to a new location next week! We do expect some down time June 2-5, however, we can be reached via email.

### **Education Coordinator**

We are excited to announce that Babette Langeneckert has accepted the role of Education Coordinator for MCR. We are looking forward to Babette leading us through upcoming changes in cancer abstracting.

### **ABSTRACTING TIPS**

No new tips for this month!

### **NEWS FROM THE STANDARD SETTERS**

No new news!
