

Fellow Registrars,

September is prostate cancer awareness month. The attached prostate cancer one-pager can also be viewed on our website.

<https://medicine.missouri.edu/centers-institutes-labs/cancer-registry-research-center>

Babette has put together the attached Show Me Tips on common abstracting issues that we see in the registry. Please let us know of other educational topics that would be helpful to you.

DUE DATES

To be on track, large hospitals (>500 cases/yr.) typically would be expected to have abstracted February 2022 diagnosis cases by September 15, 2022. Smaller facilities (<300 cases /yr.) would be expected to have reported the 4th Quarter of 2021 by July 15, 2022.

EDUCATION

MCR Help-Line

Reach us at 1-800-392-2829 during regular office hours or leave a message; a member of our QA team will return your call within one business day.

FLccSC-New Courses Available!

Earn 3 CE's

NAACCR Webinar – **Solid Tumor Rules 2022** – presented August 2022

Older NAACCR webinars from the 2018-2019 series will be 'retired' from "flossie" due to outdated information. The CE-eligible webinars from the 2020 series can still be viewed in "flossie". However, they will be removed October 5, 2022, as they are only made available by NAACCR for 2 years. This is your last chance to earn CEs from the 2020 webinars for **FREE**.

MCR holds all MCR/NAACCR recordings for 2 years before 'retiring' them due to outdated information.

NAACCR Webinar

September 1, 2022, 8-11 a.m., **NAACCR Webinar – Coding Pitfalls 2022**. To attend the live broadcast in Columbia, sign up here:

<https://www.signupgenius.com/go/30E0E4BA9A823A6FB6-naaccr14>

Visitor Parking at Parking Structure 7 (PS7) for NAACCR Webinars

Only those with a valid PS7 visitor permission pass will be allowed to park there. A visitors pass costs \$9 a day for the parking garage. Violators are subject to ticketing and towing.

You can purchase a visitor pass online at <https://missouri.nupark.com/v2/Portal/Login>

Show-Me-Tips

September 2022 Show-Me-Tip is “**Coding Tips 2022**” This Show-Me-Tip addresses updates in the STORE 2022 and coding dilemmas identified through quality control of registry data.

SEER*Educate

The 2022 Annual SEER Workshop-Advanced Topics for Registry Professionals. This **free** workshop is open to **all** cancer registrars and will be held virtually on Tuesday-Thursday, **September 20-22, 2022**, from 12:00-5:00 pm Eastern time. The workshop will expand registrars’ knowledge of several important topics: in-depth coding for lung cancer, NET, and brain cases; data quality assessment; synoptic operative reports; and more.

Note: The workshop is FREE, but registration is required. Registration for the workshop will close on September 16, 2022. The registration link and agenda will be available through NCRA’s website at [2022 SEER Virtual Workshop Online Registration \(ncra-usa.org\)](https://www.ncra-usa.org/2022-seer-virtual-workshop-online-registration)

New Coding Practice Modules Dx Year 2022. Eight additional sites (cervix, melanoma, Merkel cell, ovary, stomach, testis, vagina, and vulva) have been released in the SEER*Educate “Mash-Up” series which provides EOD, Summary Stage, Grade and SSDI coding practice for both new and experienced CTR’s. All training modules for these primary sites qualify for Category A continuing education (CE) credits approved by NCRA. Log in or sign up at **SEER*Educate** today by visiting <https://educate.fredhutch.org/> and Learn by Doing!

MCR NEWS

Death Clearance

Death Clearance (DC) follow back for the reporting year 2020 is just around the corner! Please be on the lookout for a separate notification email soon regarding the official start of the death clearance follow back process.

If there has been a recent change in staffing at your facility, please complete a Web Plus User Contact Form. It is important for us to have current Web Plus User contact information to ensure that your facility receives the Death Clearance follow back request and announcements. We truly appreciate your contributions to make this project successful for another year!

V22B

MCR is ready to accept V22B cases! The V22B metafile is ready and has been posted on the NAACCR Clearinghouse at <https://www.naacccr.org/standard-data-edits/> The XML User Dictionary and Data Dictionary Details are also available at <https://www.naacccr.org/xml-user-dictionary/#1595253894728-6781cbdf-8c50>.
